

Code::Blocks 16.01 is here!

Written by MortenMacFly

Thursday, 28 January 2016 10:21 - Last Updated Thursday, 28 January 2016 21:13

Many, many improvements, new plugins and features, more stable and major code completion enhancement, the new Code::Blocks release has finally arrived. Get it from the [downloads](#) section! A

[changelog](#)

summarises new features and fixes.

We provide binaries for the major platforms supported by Code::Blocks, with more to come in the next time.
